Please Stand...

😄

What this talk is **not**

- Battle of the frameworks
- Comparison to Angular 1 (mostly)
- Exactly how Angular 2 will look when complete...
- Demo of building a large Angular 2 app at scale

😐

What this talk **is**

- Live coding demo of an Angular 2 app
- A demo of features like components, templates, services, etc.
- Given by an Angular 2 beginner

😀
